## Neat, simple and secure

The Nor-Lyx Classic 4 and 5 models are made of matt black steel with a protective cover to guard against scratching. The fitting screws are concealed behind the weapon lock. The Nor-Lyx Classic 1 gives you the chance to expand your weapon storage system with as many holders as you need – according to your own design. All weapon locks are supplied with two keys from the same key series as standard. This is very practical if you have many weapons to deal with. As an optional extra, you can order weapon locks with different key series.

### **Nor-Lyx Classic 5 – up to five weapons**
